

DECEMBER News | Happy Holidays and sharing our inclusivity and diversity engagement through Women@Artefact initiatives

Artefact wishes you a happy festive season!

Expansion of our international footprint to a new continent with the launch of **Artefact Africa**, based in Morocco,

New operations in **Saudi Arabia** and **Lebanon**, strengthening our presence in the MENA region,

Integration of Vivadata to facilitate **the Artefact School of Data**, which offers high-level education and training on data and AI to clients and professionals,

Acquisition of **Start-up Inside** to deliver **AI hackathons** and data democratization through large **international conferences**,

Purchase of **Arca Blanca** **to double our UK footprint** and increase our technology and business expertise in new industry sectors.

Data Ladies MeetUps inspiring women to work in the Tech business

Watch the conference

1- Transfer of data knowledge to accelerate professional transition

Sistech

the playlist of our video testimonials

2- Digital & data inclusion for people in need by giving our time

What approach can a bank take to dematerialisation which promotes banking accessibility?

What are good practices of inclusive design in digital services?

How to integrate and accompany people with digital and data knowledge challenges?

———————————————

After a deserved seasonal break, we look forward to connecting again with all of you at the beginning of 2023.

The Artefact Team

✨🎄 **HAPPY HOLIDAYS** 🎄✨
