REGISTER NOW FOR THE AI FOR HEALTH SUMMIT ON NOVEMBER 21st 2024

AI for Health is an annual summit **co-founded by Artefact and Johnson & Johnson**, dedicated to advancing AI applications, strategies, and innovations. For this 7th edition, we will bring together inspiring business and tech leaders from across the health ecosystem – including pharmaceutical companies, hospitals, regulators, institutions, tech providers, startups, and scale-ups.

This edition with a **focus on Generative AI** is expected to gather more than 2000 attendees, 150 speakers and 40 exhibitors!

Watch the video of last year's AI for Health Summit and see why you can't miss this unique event at Station F, Paris!

THE ADOPT AI INTERNATIONAL SUMMIT WILL BE AT GRAND PALAIS, PARIS, ON SEPTEMBER 17th & 18th

After a successful first edition this year on June 5th at Station F Paris, the Adopt AI International Summit is back in 2025 on September 16th (VIP dinner), 17th and 18th (full days), **at the Grand Palais, one of the most prestigious monuments of Paris**. Everyone in the world has in memory the Paris 2024 Olympics Games of fencing and taekwondo organized in this splendid edifice, built for the 1900 Exposition Universelle (World's Fair).

The Artefact Adopt AI will be a unique experience that will gather all our major events **(AI for Finance, AI for Industry AI for Health, AI for Tourism and more)** and will be **"The Place To Be"** where you will enjoy listening to the most **inspiring thought leadership speakers of the planet in AI transformation** as well as the business and technology leaders in their respective industry sectors.
